words // AnaTracey Hawkins  
Vice President of Development and Strategy Richter+Ratner

Are you lured by the idea of a lush green paradise far away from your daily routine? Would you like to indulge in an experience that offers intrigue and majesty, intriguing and majestic? Looking for a destination as rich in its scenery as is in its experience? We have found that place. The land of the Long White Cloud, Aotearoa, New Zealand.

We approached the owner of New Zealand's premier luxury concierge service Tania Stoyanof of Black Label Experiences to handpick a few of her favorites for our trip. She works with you to co-create bespoke itineraries; styled to preferences, budgets, timings and encompassing New Zealand at its very essence. She includes access to yachts, helicopters and chauffeurs. The only limit is - our imagination.

Once you're there, your driver can take you to the Tantalus Estate restaurant to enjoy its rustic tranquility and gourmet delights.
